Midthorn comprises storage, workshop and office units within a large level yard area with fenced compounds and container storage.

Conveniently situated in Laurieston Road between the new Falkirk Stadium and the M9 motorway - near the new Falkirk Helix Project.

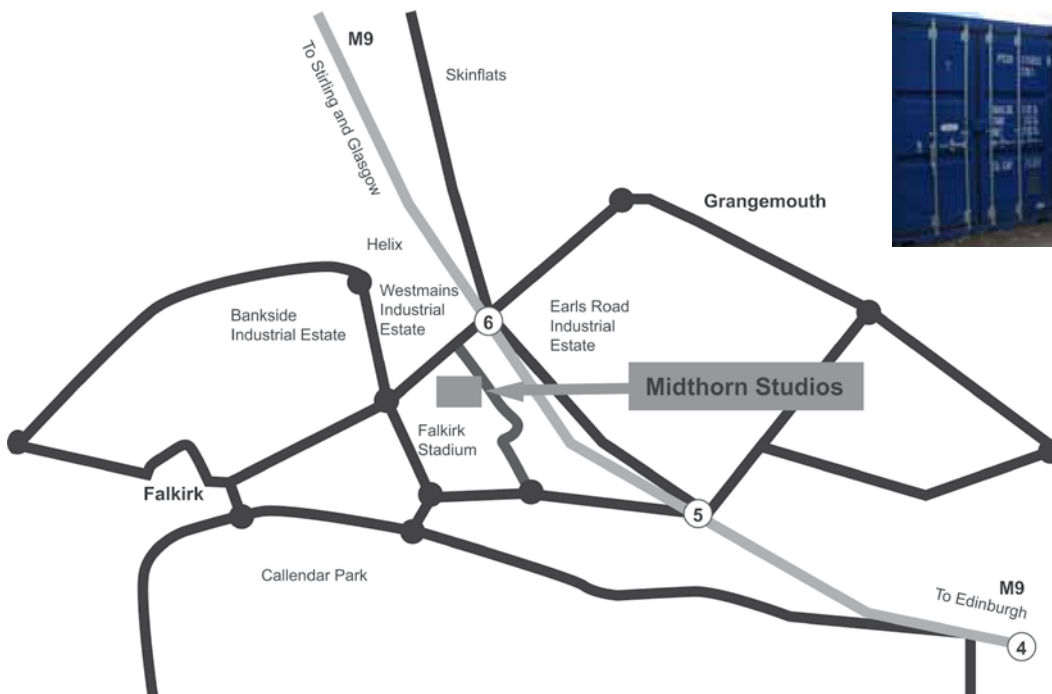

You are well located with easy access to the motorway to Edinburgh, Glasgow and Stirling and also the northern distributor road and from there to both east and west of Falkirk.

The Falkirk Grangemouth area is situated right at the heart of Central Scotland, mid way between Edinburgh and Glasgow with excellent road, rail and air links.

It is one of the best connected areas in the country, with easy access to both the M9 and M876.

The town forms the main administrative centre for the surrounding district and as such provides extensive retail, leisure and local government facilities.
